Fluid Power Products

FEC International is the choice of many manufacturers to represent their brand on a global scale. We offer hydraulic & pneumatic components fit for industrial and mobile applications.

Accumulators

Fluid Energy Controls are specialists of custom accumulators, surge suppressors, suction stabilizers & pulsation dampeners since 1995.

Up to 120 Gallons
Up to 3000 PSI
ASME, SELO, CRN,
CE/ PED, AS-1210,
DOSH, NR-13

Accumulators

Accumulators

LUBE OIL SYSTEM
Accumulators (LOSA)
500 PSI
850 to 1500 PSI

Pulsation Control

Remove hydraulic shock
and reduce the pressure
and flow fluctuations

Surge Control

Dampen the pressure
surges caused by rapid
closing and opening of
flow control valves

Plan 53B

API 614
