## Fluid Power Products

FEC International is the choice of many manufacturers to represent their brand on a global scale. We offer hydraulic & pneumatic components fit for industrial and mobile applications.

## Accumulators

Fluid Energy Controls are specialists of custom accumulators, surge suppressors, suction stabilizers & pulsation dampeners since 1995.

**Up to 120 Gallons**  
**Up to 3000 PSI**  
ASME, SELO, CRN,  
CE/ PED, AS-1210,  
DOSH, NR-13

**Plan 53B**

**API 614**

**Accumulators**

### Accumulators

LUBE OIL SYSTEM  
Accumulators (LOSA)  
500 PSI  
850 to 1500 PSI

### Pulsation Control

Remove hydraulic shock  
and reduce the pressure  
and flow fluctuations

### Surge Control

Dampen the pressure  
surges caused by rapid  
closing and opening of  
flow control valves
